DEAR ROADSIDE ENTHUSIAST:

Thank you for your interest in the WLCoWSVoWLT! Since its inception in 2002, we've traveled to 29 states, been featured in 46 magazine and newspaper articles, interviewed for 20 TV, film, and radio segments, included in two amazing syndicated cartoon strips, and referenced or featured in 6 books to date.

MEMBER SUPPORT makes this possible!

Now, the museum is expanding. We're keeping the spirit and whimsy of the original Mobile Museum, while expanding the educational and outreach portions of the organization. To do this, the board and staff here at WLT, Inc., have been revamping and retooling. Most notably, we're now a 501(c)3 non-profit entity, making your renewed membership tax-deductable! This enables WLT., Inc. to apply for grants from state and national programs, individual foundations whose mission statement matches that of World's Largest Things, and give you a line item for your contribution deduction section...

Your annual membership supports these activities, and helps educate and preserve a disappearing roadside phenomenon - the creation and appreciation of World's Largest Things.

Below you will find a membership form. Please consider joining World's Largest Things, Inc., and be a part of the roadside preservation and appreciation phenomenon. Your membership will help us achieve our goals. Thank you again for Living Large!

Sincerely,

Erika Nelson
Director, World's Largest Things, Inc.
